“Transformation in Egypt”

“Biblical history is not just a record of dry facts, but a recital of events that call us to trust and obey the God who saves in time and space”

~ Dennis E. Johnson

God is in the business of transforming peoples' lives.

1. A Hard Providence (43:1–14).

2. A Lavish Feast (43:15–32).

Three things that must have shocked Joseph's brothers:

- a. That it actually happened.
- b. The response of the steward.
- c. That Joseph arranged their seating according to their ages.

3. A Reconstructed Context (43:33–44:34).
